An alliance of groups working together to combat climate change

Make Your Voice Heard: Respond to the Climate Change Bill

- Tear off the letter below, address, sign and send it to your MP or, if you have time, write your own. **The deadline for responses is 12th June 2007.**
- To find your MP (and more on responding to the Climate Change Bill) visit <http://www.foe.co.uk/campaigns/climate/> or phone the House of Commons Information Office on 020 7219 4272

From:

Dear _____ MP,

Last year around two thirds of MPs called for a Climate Change Bill to reduce the UK's carbon dioxide by at least 3% a year. If you were one of them, thank you.

The Government has now produced a Draft Climate Change Bill. I welcome this, but it must be tougher to meet our climate challenge. The Bill must:

- Reduce emissions every year so the UK reaches a target of at least 80% cuts by 2050
- Include annual targets so politicians can't blame preceding Governments for missed targets
- Include emissions from international aviation and shipping.

Please assure me of your support for a tougher Bill.

Yours sincerely
